- to conform with all applicable federal, state and other legal requirements (legal).
- to adequately safeguard principal (safety).

- to provide sufficient liquidity to meet all operating requirements (liquidity); and
- to obtain a reasonable rate of return (yield).

III. DELEGATION OF AUTHORITY

The governing board's responsibility for administration of the investment program is delegated to the chief fiscal officer, who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a database or records incorporating description and amounts of investments, transaction dates, and other relevant information and regulate the activities of subordinate employees.

IV. PRUDENCE

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Town of Mayfield to govern effectively.

Investments shall be made with judgement and care, under circumstances then prevailing, which persons of prudent discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decision.

V. DIVERSIFICATION

It is the policy of the Town of Mayfield to diversify its deposits and investments by financial institution, by investment instrument, and by maturity scheduling.

VI. INTERNAL CONTROLS

It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the local government to exercise its rights against the pledged securities. In the event that the securities are not registered or inscribed in the name of the local government, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the Town of Mayfield or its custodial bank.

The custodial agreement shall provide those securities held by the bank or trust company, or agent of and custodian for, the local government, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. PROCUREMENT POLICY - DEPARTMENT HEAD PURCHASES

Resolution # 18 of 2025

Procurement Policy

PROCUREMENT POLICY FOR THE TOWN OF MAYFIELD

TOWN OF MAYFIELD PROCUREMENT POLICY 2025 and DEPARTMENT HEAD PURCHASES

WHEREAS,

Section 104-b of the General Municipal Law requires the governing body of every municipality to adopt a procurement policy for all good and services which are not required by law to be publicly bid, and

WHEREAS comments have been solicited from all officers in the Town of Mayfield involved in the procurement process, now, therefore

1. Every purchase to be made must be initially reviewed to determine whether it is a purchase contract or a public works contract. Once that determination is made, a good faith effort will be made to determine whether it is known or can reasonably be expected that the aggregate amount to be spent on the item of supply or service is not subject to competitive bidding, taking into account past purchases and the aggregate amount to be spent in a year. The following items are not subject to competitive bidding pursuant to §103 of the General Municipal Law: purchase contracts under \$20,000 and public works contracts under \$35,000; emergency purchases; certain municipal hospital purchases; goods purchased from agencies for the blind or severely handicapped; goods purchased from correctional institutions; purchases under State and county contracts; and surplus and second-hand purchases from another governmental entity.

The decision that a purchase is not subject to competitive bidding will be documented in writing by the individual making the purchase. This documentation may include written or verbal quotes from vendors, a memo from the purchaser indicating how the decision was arrived at, a copy of the contract indicating the source which makes the item or service exempt, a memo from the purchaser detailing the circumstances which led to an emergency purchase, or any other written documentation that is appropriate.

2. All goods and services will be secured by use of written requests for proposals, written quotations, verbal quotations, or any other method that assures that goods will be purchased at the lowest price and that favoritism will be avoided, except in the following circumstances: purchase contracts over \$20,000 and public works contracts over \$35,000; goods purchased from agencies for the blind or severely handicapped pursuant to §175-b of the State Finance Law; goods purchased from correctional institutions pursuant to §186 of the Correction Law; purchases under State contract pursuant to §104 of the General Municipal Law; purchases under county contracts pursuant to §103(3) of the General Municipal Law; or purchases pursuant to subdivision 6 of this policy:
3. The following method of purchase will be used when required by this policy in order to achieve the highest savings:

Estimated Amount of Purchase Contract	Method
\$2,500 - \$7,499.99	Verbal quotations
\$7,500 - \$19,999.99	Written/fax quotations or written request for proposals

Estimated Amount of Public Works Contract	Method
--	--------

\$2,500 - \$7,499.99	Verbal quotations
\$7,500 - \$19,999.99	Written/fax quotations
\$20,000 - \$34,999.99	Written/fax quotations or written request for proposals

A good faith effort shall be made to obtain three proposals or quotations. If the purchaser is unable to obtain the required number of proposals or quotations, the purchaser will document the attempt(s) made at obtaining the proposals. In no event shall the failure to obtain the proposals be a bar to the procurement.

4. Documentation is required of each action taken in connection with each procurement.
5. Documentation and an explanation are required whenever a contract is awarded to other than the lowest responsible offeror. This documentation will include an explanation of how the award will achieve savings or how the offeror was not responsible. A determination that the offeror is not responsible shall be made by the purchaser and may not be challenged under any circumstances.
6. Pursuant to General Municipal Law §104-b(2)(f), the procurement policy may contain circumstances when, or types of procurements for which, in the sole discretion of the governing body, the solicitation of alternative proposals or quotations will not be in the best interest of the municipality. In the following circumstances it may not be in the best interests of the Town of Mayfield to solicit quotations or document the basis for not accepting the lowest bid:
 - a. Professional services or services requiring special or technical skill, training or expertise. The individual or company must be chosen based on accountability, reliability, responsibility, skill, education and training, judgment, integrity, and moral worth. These qualifications are not necessarily found in the individual or company that offers the lowest price and the nature of these services are such that they do not readily lend themselves to competitive procurement procedures.

In determining whether a service fits into this category the Board of Trustees shall take into consideration the following guidelines: (a) whether the services are subject to State licensing or testing requirements; (b) whether substantial formal education or training is a necessary prerequisite to the performance of the services; and (c) whether the services require a personal relationship between the individual and municipal officials. Professional or technical services shall include but not be limited to the following: services of an attorney; services of a physician; technical services of an engineer engaged to prepare plans, maps and estimates; securing insurance coverage and/or services of an insurance broker; services of a certified public accountant; investment management services; printing services involving extensive writing, editing or art work; management of municipally owned property; and computer software or programming services

for customized programs, or services involved in substantial modification and customizing of pre-packaged software.

- b. Emergency purchases pursuant to §103(4) of the General Municipal Law. Due to the nature of this exception, these goods or services must be purchased immediately and a delay in order to seek alternate proposals may threaten the life, health, safety or welfare of the residents. This section does not preclude alternate proposals if time permits.
- c. Purchases of surplus and second-hand goods from any source. If alternate proposals are required, the Town of Mayfield is precluded from purchasing surplus and second-hand goods at auctions or through specific advertised sources where the best prices are usually obtained. It is also difficult to try to compare prices of used goods and a lower price may indicate an older product.
- d. Goods or services under \$2,500. The time and documentation required to purchase through this policy may be more costly than the item itself and would therefore not be in the best interests of the taxpayer. In addition, it is not likely that such minuscule contracts would be awarded based on favoritism.

7. This policy shall be reviewed annually.
