Town **XHERE** DEPARTMENT OF STATE 1 --- of the year 2022 Local Law No. A local law <u>Amending the Zoning Law of the Town of Mayfield as it Pertains</u> to Solar Farm Construction and Development. Town Board Be it enacted by the \_\_\_\_ - of the (Nome of Legislaire Body) CONNEX XXXX as follows: Mayfield oF Town KREDEK

The text of this Local Law is annexed hereto.

#### Section 1: Legislative History

In July, 2019, the Mayfield Town Board adopted a moratorium on Solar Farm construction and development in the Town of Mayfield. Said moratorium was enacted at a time when Solar Farm project proposals were increasing at a rapid rate throughout the County of Fulton. The Town Board of the Town of Mayfield subsequently requested the Town of Mayfield Planning Board to examine the Zoning Law of the Town of Mayfield provisions pertaining to Solar Farms and to advise as to any revisions which it deemed to be necessary under present circumstances. The said moratorium was twice extended due to limitations which were imposed on account of the prevailing COVID-19 pandemic.

The Town of Mayfield Planning Board acknowledged that the Town's residents, in particular farmers, should be afforded the opportunity to lease or sell portions of their property to Solar Farm developers in order to generate needed revenue. The Board recognized that Solar Farm developers are typically looking for large tracts of land that are easily accessible and in fairly close proximity to National Grid infrastructure. The Planning Board also agreed that, from the community's standpoint, Solar Farm projects can have adverse visual impacts and that these types of projects should not be located along major traffic thoroughfares, where they cannot be effectively screened.

The amendments set forth herein are the amendments which have been recommended by the Town of Mayfield Planning Board to the Mayfield Town Board and are hereby adopted in accordance with said recommendation.

## Section 2: Amendments

Article V, Section 508-3, paragraph J of the Zoning Law of the Town of Mayfield is hereby amended to read as follows:

J. All solar energy system components shall have a 500 foot setback, unless abutting residential uses, whereby it shall be located a minimum of 800 feet from property lines. Article V, Section 508-3 is further amended by adding an additional paragraph (P.) which shall read as follows:

P. No solar farm equipment shall be located or installed on any soils labeled as "Prime Agricultural Land" and, whenever possible, soils "of State Importance" should be avoided.

In addition to the foregoing amendments, Table 301 as contained in Article III (Zoning Uses) of said Zoning Law is hereby amended as shown on the attachment annexed hereto and made a part hereof.

#### Section 3: Repealer

Any and all prior Resolutions, Local Laws, rules and regulations of the Town of Mayfield which may be inconsistent or conflict with the provisions of this Local Law are hereby repealed to the extent of such conflict or inconsistency.

## Section 4: Effective Date

This Law shall be effective immediately upon filing with the Secretary of State.
